2022-2023 CRPUSD Covid-19 Staff Information

We hope you have had a good start to the 2022-2023 school year. And of course, with the new year, we also have new information regarding the current COVID-19 requirements for staff and volunteers. Rocky Schumann and Susan Garritson are no longer the district contacts for COVID-19 issues. Please contact HR-COVID Staff Secretaries Ethan Koler and Erin Nelson if you have questions regarding COVID-19 testing or if you test positive. Ethan and Erin's contact information and site distribution is listed the following page.

Due to CDPH guidelines, we are still requiring those who are unvaccinated to test once per week. Staff and volunteers are considered fully vaccinated if they have received two Moderna or Pfizer vaccines, or 1 Johnson and Johnson vaccine (boosters are currently not required to be considered fully vaccinated).

All unvaccinated staff are required to either get tested weekly on their school's designated testing day, or send in an at-home rapid test with their name and date clearly written on the test. Additionally, COVID-19 testing is available to any staff member that would like to receive a COVID-19 test, regardless of vaccination status, either at the sites listed below, or daily at the District Office (J Building) at 8:00am.

Thank you Technology Services!

Technology Services is certainly a powerhouse. This team of 8 definitely deserve a shout out for all the hard work that was completed the first week of school. They distributed over 5800 devices to students, set up new staff with technology, and were able to close countless work tickets. The support of Technology Services sets our students and staff up for a successful school year. If you have a chance...thank a CRPUSD techie today!
